# Sandberg®

## Sandberg Panther Sound 2.1

CQ Double Quality Tested

RoHS✓ COMPLIANT

5 years WARRANTY

The Sandberg Panther Sound 2.1 is a smart amplified speaker set comprising a subwoofer and two satellite speakers. The subwoofer gives a strong bass, while the satellite speakers produce pure treble. The result is a great sound experience whether you are playing a game, watching a film or listening to music. The set includes a cabled remote control allowing you to easily adjust the volume. The set uses a normal headphone connector, so it also works with devices other than your computer, such as MP3 players and TVs. English user guide.
