

The Sandberg X-plosion Speaker Set 2.1 is a powerful speaker set which can seriously produce some sound. Fantastic sound whether you need to boost your games and movies or party the night away. The 20 W output of the large subwoofer and 5.25" Monster Size Dome Speaker provide you with thundering bass while the two 10 W table speakers produce an attractive and balanced treble. Volume, bass and treble are easily adjusted directly on the subwoofer. You will be up and running in a heartbeat with the speaker cables included. English user guide.
