

Wireless Headset Pro LCD Dock

Item no.:

126-60

EAN:

5705730126604

Sandberg Wireless Headset Pro LCD Dock is a complete wireless communication solution combining a light, comfortable headset with a smart touchscreen dock. AI-powered noise cancellation suppresses background noise, keeping your voice clear even in a busy office. The dock's touchscreen gives real-time visibility into battery, connection, and volume, and lets you control calls directly from the screen, while a busy-light automatically signals when you're on a call. The headset connects to up to 2 devices at once and can be paired with up to 8 Bluetooth devices in total. Built-in hearing protection and focus tools, such as break reminders and a Pomodoro timer, turn the dock into a practical everyday tool.
