5 Years Warranty

Sandberg Streamer 3in1 Wireless Mic Kit does three jobs: use the microphones as lavalier mics, as a handheld interview mic in the handle, or as a desktop mic on the included mini tripod. With two mics, you can interview with one while your guest wears the other, attached by magnet. Plug the USB-C receiver into your device and you're ready – no drivers needed. Noise cancellation keeps speech clear, and the handle doubles as a charging case for 15+ hours of recording.
