

Sandberg USB Hub for Laptop

The Sandberg USB Hub for Laptop is a mobile solution that gives your laptop more USB ports. The hub includes three standard USB ports and one USB mini connector, which can be used to connect a camera, for example. The hub naturally also works on desktop computers.

British ComputerShopper has tried USB Hub for Laptop, and granted it the prestigious BEST BUY award. They write:

"With its clever design and relatively low price, Sandberg's USB Hub is a great laptop accessory."
