

USB Webcam Wide Angle 1080P HD

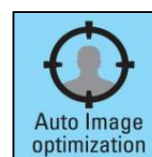

Item no.:

134-10

EAN:

5705730134104

Sandberg USB Webcam Wide Angle 1080P HD featuring Full HD 1080p resolution, produces a supremely sharp picture. The camera is equipped with a special 120-degree lens. This lens provides an extra wide angle, which captures more of the surroundings behind you compared to an ordinary webcam. It is particularly advantageous when streaming, for example presentations on a whiteboard or a meeting room with a number of participants. A microphone is also integrated in the camera. The USB connection works immediately without software installation.
