Outdoors

Sandberg Survivor Camper Powerbank 42000 is a complete charger station for charging anything when you are miles away from a power outlet. Not only does it offer enormous capacity, with enough power for over 2 weeks' smartphone use, but it also gives you high performance and a wide selection of charger outputs. You get two traditional USB-A jacks for standard USB devices and a USB-C PD 30W jack for USB-C devices, such as certain laptops. Then there's a very powerful 96W/12V socket for camping equipment, e.g. fridge or coffee machine. Built in robust and watertight IP64 approved material and fitted with a powerful light.
