Sandberg SolarPanel 22W Powerbank 10000 combines an efficient foldable solar panel with a built-in 10,000 mAh power bank, so you always have power with you on the go. The compact design makes it easy to bring along for outdoor activities such as hiking, camping and travel. The efficient PERC solar cells deliver up to 22W, allowing the power bank to be recharged directly from sunlight, while the PD20W output provides fast charging for smartphones and other USB devices. The robust construction with ETFE coating makes the solution well suited for outdoor use, even in demanding conditions. A practical all-in-one power solution when you don't have access to a power outlet.
