

With HDMI you can transfer razor-sharp digital quality sound and images. Most flat screen TVs are HDMI-enabled. You can use this cable to connect HDMI devices like your DVD player or games console to your TV with an HDMI connector. This sturdy cable with ferrite cores is of super quality with gold-plated connectors in solid cast metal, ensuring the best possible quality sound and picture.

The British website Computer Takeaway has tested Sandberg LUX Line HDMI cables (26 March 2009). They said:

"...We were impressed with the overall quality of the cable itself which is nylon braided and feels strong and the plugs felt securely fixed to the cable. The picture quality was excellent ...we would have no hesitation in recommending it for use in any system"
