

## Sandberg Wireless Keyboard Set SE/FI

With the Sandberg Wireless Keyboard Set you get a beautifully designed, black keyboard set on your desktop without any cables to get in the way. The keyboard features accurate, low-noise keys, shortcuts to your applications and easy multimedia playback. The wireless optical mouse offers precise control, quick scrolling and two shortcut buttons. Both the mouse and keyboard feature a comfortable black rubber surface for a better grip. The mouse battery is charged automatically when you place the mouse in the cradle. English user guide.
