

Sandberg Wireless Keyboard Set DE

With the Sandberg Wireless Keyboard Set you get a beautifully designed, black keyboard set on your desktop without any cables to get in the way. The keyboard features accurate, low-noise keys, shortcuts to your applications and easy multimedia playback. The wireless optical mouse offers precise control, quick scrolling and two shortcut buttons. Both the mouse and keyboard feature a comfortable black rubber surface for a better grip. The mouse battery is charged automatically when you place the mouse in the cradle.

The British website GadgetSpeak has tested the Sandberg Wireless Keyboard Set (24 January 2009). They said:

"...Setting up the kit is straightforward...The scroll wheel on the keyboard was a distinct advantage and one that I found useful on several occasions...the mouse felt comfortable in the hand and glided smoothly over various surfaces..."
