

12V Car to DC 5525/5521, 3M Bulk

Item no.:

820-82

EAN:

5
Years
Warranty

Sandberg 12V Car to DC 5525/21, 3M Bulk is a universal DC charging cable that provides power from a 12V socket (cigarette lighter) to your DC-powered devices. The universal DC plug fits both the DC5525 and DC5521 standards, so the cable can be used with a wide range of power banks, power stations and other DC-powered equipment. The cable is 3 meters long, so you can easily place your device wherever it needs to be charged. A built-in diode lights up when the cable is connected and charging, so you always have a quick visual check that the connection is working.
