Sandberg Solar Charger 100W is a high-performance solar panel able to generate power directly from sunshine. Due to the large surface, the panel generates enough power for all your mobile equipment - even for laptops, powerbanks and large power stations. The panel is equipped with a Quick Charge USB-A port, a high-performance USB-C port as well as a DC 5521 output. Lay the panel down flat, or angle it towards the sunshine using the stand, which is mounted directly on the product. Robust and weatherproof material. Foldable for easy transportation and storage.
