

Sandberg PowerPal 5000

Sandberg PowerPal 5000 is a portable battery which is charged via a USB port or the built-in solar cells. It can then transfer the power to a mobile phone or other mobile device. With a fully charged PowerPal in your bag, you can ensure that you will always be able to charge your devices anywhere anytime – without having to depend on a power socket. Look forward to a future without dead batteries!

Sir Game-a-Lot says:

"We were in a cabin, when the power cut. We could then plug the mobile into this device, and charge it continuously from candle lights! Crazy! The best invention since the mobile battery."
