Article n °:

## 421-52

EAN:

5705730421525

Sandberg Car Jumpstarter Powerbank 7200 is a compact and versatile emergency battery that can help start cars, motorcycles and other 12V petrol or diesel vehicles. With a starting current of 400A and a peak current of 1000A, it delivers the power needed to get your vehicle running when the battery fails. It also functions as a power bank for charging devices such as smartphones. The built-in LED light with multiple lighting modes makes it a practical companion in your car, while travelling, or in emergency situations. Jump leads and USB charging cable included.
