Hlutur nr.:

Sandberg In Car Magnetic Wireless Charger 15W is a wireless phone charger for the car. It is equipped with a magnetic ring making it easy to attach your phone to it. However, this requires that your smart phone supports magnetic charging, e.g. iPhone 12/13. This way, the phone is held steady while it is being charged wirelessly. The charger is stylishly designed in aluminium and is discretely mounted either in the ventilation vent or with an adhesive via the included combi holder. Supports fast charging up to 15W.
