Approved

Sandberg Magnet Wireless Powerbank 10000 is a really smart powerbank with a range of charging functions. Qi-compatible smartphones can be charged completely wirelessly by placing the phone on the charging plate on top of the power bank. The charging plate is magnetic, and can therefore attach to iPhones that support MagSafe. It's also equipped with a USB-C port for fast charging of devices right up to 22.5W, and a 10W USB-A port. A smart little LCD display shows battery status.
